 - c. The relationship between performance and remuneration of key management personnel is clear and transparent;
 - d. The role of the Company's Remuneration and Nomination Committee in the remuneration processes of the Company is clearly defined.
- 1.2. For the purposes of this Policy, "*key management personnel*" means those persons having authority and responsibility for planning, directing and controlling the activities of the Company, directly or indirectly, including any Director (whether executive or otherwise) of the Company. Therefore, this Policy covers the overall structure of remuneration for:
 - a. All Executive Directors.
 - b. Non-executive Directors, including the Chairman of the Board.
 - c. Senior management, including the Chief Executive Officer ("CEO").
- 1.3. This Policy does not cover remuneration for people employed through another company such as third-party contractors and secondees.
- 1.4. The objectives of the Company's Remuneration Policy are to ensure that:
 - a. Remuneration is structured to align with the Company's interests, taking account of the Company's strategies and risks;
 - b. The level and composition of remuneration is reasonable, sufficient and provides competitive rewards that attract, retain and motivate people of high calibre to work towards the long-term growth and success of the Company;
 - c. The roles that total fixed remuneration and short- and long-term incentives play are clearly defined;
 - d. The levels and structure of remuneration are benchmarked against relevant peers;
 - e. There is a clear relationship between Company and individual performance and remuneration of key management personnel;
 - f. The principles underlying the Company's remuneration structure are openly communicated and understood;
 - g. The Company complies with applicable legal requirements and appropriate standards of governance;
 - h. Remuneration policies and practices are evaluated over time, taking account of pay outcomes and the relationship between pay and performance, and the results of any evaluations or review processes;
 - i. Remuneration is consistent regardless of gender or other components of diversity ("*Diversity*").
- 1.5. A copy of this Policy will be provided to all key management personnel as part of the Company's induction procedures.

2. ROLE OF THE REMUNERATION AND NOMINATION COMMITTEE

- 2.1. The Company has established the Remuneration and Nomination Committee (REMCO) in accordance with the REMCO Charter.
- 2.2. REMCO is responsible for (amongst other functions):
 - a. Reviewing the performance assessment processes for key management personnel and the relevant performance assessment results.
 - b. Reviewing and recommending to the Board for approval in accordance with this Policy, the Company's:

- i. Short-term incentive plans, performance targets and bonus payments; and
- ii. Medium to Long-term incentive plans

As part of this process, REMCO will explain the reasons for selecting specific remuneration instruments and whether alternatives were considered.

- c. Providing sufficient information to the Board to enable informed decision-making regarding remuneration (including a consistent approach to remuneration regardless of Diversity) in accordance with this Policy.
- d. Obtaining the advice of external advisors and consultants in respect of the foregoing as required, including to conduct periodic reviews or one-off job-sizing evaluations and, in the case of poor performance, to advise on termination arrangements.

3. OVERALL REMUNERATION STRUCTURE

- 3.1. Remuneration paid by the Company comprises a number of components.
- 3.2. The CEO and senior management (other than non-executive Directors) receive a base salary plus benefits. These benefits may include allowances and the Company's superannuation contribution. The total of the base salary and benefits is called Total Fixed Remuneration ("TFR") and is often referred to as the relevant executive's remuneration package.
- 3.3. The Company's policy is that the TFR for each role should be reasonable and fair, taking into account (amongst other matters):
 - a. The scope of the role;
 - b. The level of skill, knowledge and experience of the individual;
 - c. Core performance requirements and expectations of the individual;
 - d. The Company's performance and strategy;
 - e. Legal and industrial obligations;
 - f. Labour market conditions;
 - g. Scale and nature of business;
- 3.4. The table below depicts the standard components of a typical salary package.

Fixed Component			Variable Component	
Base Salary	Superannuation	Allowances	Short-term Incentive	Long-term Incentive

- 3.5. The Company complements the TFR with Long-Term Incentives ("LTIs") and Short-Term Incentives ("STIs"). The LTIs and STIs aim to reward the executive for meeting or exceeding performance targets, while at the same time linking the reward to the creation of long-term sustainable wealth for shareholders of the Company.
- 3.6. STIs
 - a. STIs are linked to clearly specified short term performance targets of the Company (including financial, production and occupational health and safety targets) and provide rewards for materially improved performance by the Company within a prescribed period, usually not exceeding 12 months, by directly linking rewards to the creation of sustainable value in the Company. STIs are provided as a combination of cash or superannuation contributions and are based on the annual performance of the individual and the Company.
 - b. STIs will be provisionally determined by the REMCO and set and approved by the Board on an annual basis.
- 3.7. LTIs
 - a. LTIs are linked to clearly specified long term performance targets of the Company and provide rewards for materially improved performance by the Company within an extended prescribed period, usually not exceeding 42 months, by directly linking rewards to the creation of sustainable value in the Company.
 - b. LTIs are ordinarily provided in the form of options in the Company (or a combination of various securities as may be approved by the Board within its regulatory frameworks) and based on the performance of the individual and the Company over the prescribed period.

- c. LTIs will be provisionally determined by the REMCO and set and approved by the Board on an annual basis.
 - d. In determining LTIs, the REMCO recognises that equity-based remuneration has limitations and can contribute to 'short-termism' on the part of key management personnel. The REMCO and the Board will ensure that LTIs do not contribute towards a 'short-termism' culture within the Company.
 - e. Where LTIs confer the right to deal in securities, these rights may only be exercised in accordance with the Company's Securities Trading Policy.
- 3.8. The Company's policy regarding termination payments is that termination payments, if any, for key management personnel are agreed in advance pursuant to the terms and conditions of the service agreement between the Company and relevant member of key management personnel, including detailed provisions in case of early termination.
- 3.9. Gender and Diversity
- a. The Company's policy is that remuneration is not based upon gender or other components of Diversity.

4. REMUNERATION FOR CEO AND DIRECT REPORTS

- 4.1. The REMCO is responsible for reviewing the performance and remuneration arrangements for the CEO and the CEO's direct reports (the Senior Executive Team) and making recommendations to the Board for approval. Performance reviews will be conducted by the Company's Chairman (for the CEO) and by the CEO (who may be accompanied by the Chairman) for the other members of the Senior Executive Team.
- 4.2. The components of TFR for the Senior Executive Team will be set out in their service agreement and may include all or any combination of the following:
 - a. Cash.
 - b. Superannuation contributions as required by law.
 - c. Accommodation and travel benefits.
 - d. Parking and other benefits.
 - e. Reimbursement of reasonably justifiable and pre-approved entertainment, home office and telephone expenses.
- 4.3. In determining TFR for the Senior Executive Team, the REMCO may arrange for their remuneration to be reviewed with the use of market data for positions with comparable companies. Where appropriate, the TFR may be adjusted by the REMCO so as to keep pace with market trends and ensure continued remuneration competitiveness.
- 4.4. In addition to their TFR, and subject to Board approval, the CEO and other members of the Senior Executive Team are eligible to receive:
 - a. STIs in the form of a bonus payment, so long as certain key performance indicators are achieved.
 - b. LTIs in the form of performance rights or other securities under the Company's Share Option Plans from time to time.
- 4.5. The issue of LTIs may also be required to be approved or ratified from time to time by shareholders at a General Meeting of the Company in accordance with the Company's Constitution, the Companies Act and the Listing Rules.
- 4.6. Any termination payments for members of the Senior Executive Team must be agreed in advance under the terms and conditions of their service agreement.

5. STRUCTURE OF REMUNERATION FOR NON-EXECUTIVE DIRECTORS

- 5.1. The REMCO is responsible for reviewing the performance and remuneration arrangements for non-executive Directors and making recommendations to the Board for approval, subject to the aggregate remuneration limit approved by the Company's shareholders. Performance reviews for non-executive Directors will be conducted by self-assessment against applicable criteria in the Board Collective Assessment Check List in Schedule A of the BSE Code of Best Practice on Corporate Governance.
- 5.2. Non-executive Directors are remunerated to recognise the responsibilities, accountabilities and associated risks of Directors. The TFR of non-executive Directors may include all, or any combination, of the following elements:
 - a. Board fees, which reflect time spent on Board work and the degree of responsibility involved.

- b. Committee fees, which remunerate Directors for additional work done on Board committees.
 - c. Superannuation contributions as required by law (or payment in lieu).
- 5.3. Non-executive Directors are entitled to be paid all reasonably justifiable and pre-approved travelling and other expenses they incur in attending to the Company's affairs, including attending and returning from general or special meetings of the Company or meetings of the Directors or of committees of the Board.
- 5.4. Except for the granting of options in terms of the Company's share option plans from time to time, Non-executive Directors do not receive any variable remuneration linked to company performance.
- 5.5. Any increase in the maximum aggregate remuneration payable to non-executive Directors must be approved by shareholders at the Company's Annual General Meeting, in accordance with the Company's Constitution and the Listing Rules.

6. STRUCTURE OF REMUNERATION FOR SENIOR MANAGEMENT

- 6.1. The performance and remuneration of each member of senior management is reviewed on an annual basis by their direct manager, which will then be reviewed and approved by the CEO.
- 6.2. The components of the TFR for senior management may comprise, at the ultimate discretion of the CEO, the following elements:
- a. Cash.
 - b. Superannuation.
 - c. Accommodation and travel benefits.
 - d. Parking and other benefits.
 - e. Reimbursement of reasonably justifiable and pre-approved entertainment, home office and telephone expenses.
- 6.3. The CEO will determine, from time to time, in consultation with REMCO, whether members of senior management are eligible to be issued with STIs, LTIs or a combination of both.
- 6.4. The CEO will also consult with the REMCO from time to time to determine appropriate thresholds for the components of the aggregate remuneration of senior management (including TFR, STIs and LTIs), which thresholds will be set and approved by the Board upon the recommendation of the REMCO.
- 6.5. In determining the TFR for a member of senior management, the CEO may arrange for that person's remuneration to be reviewed with the use of market data for positions with comparable companies. Where appropriate, the TFR of a member of senior management may be adjusted by the CEO, after consultation with REMCO, so as to keep pace with market trends and ensure continued remuneration competitiveness.

7. REMUNERATION REPORT

- 7.1. The Board will ensure that the remuneration report to be prepared each financial year for the Company has appropriate transparency, promotes shareholder understanding, is defensible and meets the requirements of the Companies Act and the Listing Rules and the governance practices adopted by the Board.
- 7.2. The approach of the Board at the Company's Annual General Meeting (AGM) to the non-binding shareholder resolution concerning the Company's remuneration report will be planned in advance each year with consideration being given to the following issues:

- 7.3. If the non-binding shareholder resolution is not approved at the Company's AGM, the Board may either:
- a. accept or partially accept the vote, which is likely to require the Board to take certain actions in response, including a review of the Company's remuneration policies, structure and packages; or

- b. not accept the vote and explain why it believes the remuneration policies and packages are appropriate, with supporting reasons.
- 7.4. The matters in paragraph 7.3 will also be included in the Company's remuneration report for the following year.

8. REMUNERATION CONSULTANTS

- 8.1. In engaging remuneration consultants for the purposes of providing advice to the Company regarding the remuneration arrangements for key management personnel in accordance with this Policy, the REMCO or the Board (as the case may be) will ensure that:
